12<sup>th</sup> Jan 2015

### **Feb Function : Site Visit – MTR Kwun Tong Line Extension**

**Date: Saturday 7<sup>th</sup> February 2015**

**Time: 9:30 am to 12:00 noon**

**Venue: KTE Contract 1001 Fat Kwong Street Site Office**

Kwun Tong Line Extension (KTE) is a 2.6 km long extension of Kwun Tong Line running from Yau Ma Tei to Whampoa with an intermediate station at Ho Man Tin. KTE 1001 includes construction of Ho Man Tin Station, which will be an interchange station between the Kwun Tong Line Extension and the Shatin to Central Link (SCL) and a 2.6 km drill and blast tunnel running under congested areas of Yau Ma Tei and Whampoa.

CHKRI will organize a visit to the construction sites of KTE Contract 1001 Yau Ma Tei to Whampoa Tunnels and Ho Man Tin Station. In this visit, you can see the construction of interchange station of SCL and KTE as well as the KTE tunnel construction works.

**Attendees shall wear their own PPE including helmets, reflective vest and safety shoes during the visit.** The maximum number of participants for this visit is 20. In the event of oversubscription, a ballot will be held.

**Paid-up members will be given the first priority to participate the visit and eligible for attendance certificate.**

The itinerary is as follows:

- 09:30 Assemble at KTE Contract 1001 Fat Kwong Street Site Office
- 10:00 Introduction on Contract 1001 and Safety Briefing
- 10:30 Visit to Station and Tunnels
- 12:00 Group Photo and Visit Ends
