13<sup>th</sup> Jun 2016

### Jun Function : Technical Visit – MTR New Tamper

**Date: Saturday 25<sup>th</sup> Jun 2016**

**Time: 09:30 am to 11:00 am**

**Venue: MTR Pat Hung Depot**

As part of the along MTR East Rail Line platform modification project, the ballasted track along platforms will have to be lifted and realigned to suit for the installation of APG. This calls for additional tamping and slewing work, which started in early 2014 and will continue into later 2016.

However, since the existing tamper resources cannot fully support the additional tamping works during the peak demand period, procurement of a new tamping machine TMS610 is required.

CHKRI will organize a visit to the new tamper TMS610 in MTR Pat Heung Depot to realize the actual operation of track lifting and slewing as well as theory of tamping, levelling and lining system.

**Attendees shall wear their own PPE including helmets, reflective vest and safety shoes during the visit.** The maximum number of participants for this visit is 20. In the event of oversubscription, a ballot will be held.

**Paid-up members will be given the first priority to participate the visit and eligible for attendance certificate.**

The itinerary is as follows:

- 09:15 Assemble at Kam Sheung Road MTR Station Exit D and take shuttle bus to Pat Heung Depot (PHD) (the shuttle bus will depart at 09:30 sharp)
- 09:45 Briefing and Introduction at PHD Auxiliary Vehicle Maintenance Building
- 10:15 Visit to the new tamper TMS610
- 11:00 Group Photo. Visit ends and participants leave PHD

For application, each participant shall confirm to CHKRI his/her name, employer and contact telephone no. You should also provide your membership number and grade when returning your application to the Secretary by e-mail to "secretary@chkri.hk". The application deadline is **20<sup>th</sup> Jun 2016**.

Anthony Tong  
Secretary, CHKRI
