3 January 2017

January Function: Technical Visit – MTR Shatin to Central Link Project : Hung Hom Station and Stabling Sidings

Date: Saturday 21 January 2017

Time: 10:00 am to 12:00 noon

Venue: MTR Hung Hom Station

CHKRI invites members to visit the modification of MTR Hung Hom Station and construction of new Stabling Sidings which are part of the Shatin to Central Link project.

Hung Hom Station is the crucial interchange station of SCL. Major modification of the existing concourse and construction of new platforms is being undertaken under the existing station box for the new SCL station while the existing intercity and Customs, Immigration and Quarantine remain unchanged. It is a great challenge to have such a major modification of existing Hung Hom Station without any interference to train services or Hong Kong Coliseum operation.

In addition, a new stabling facility (HHS) is being built east of Hung Hom Station in the area formerly used for freight operations. HHS will provide eleven stabling tracks, one heavy cleaning track and one inspection track with simple maintenance facilities.

Attendees shall wear their own PPE including safety helmet, reflective vest and safety shoes during the visit. The maximum number of participants for this visit is 20. In the event of oversubscription, a ballot will be held.

Paid-up members will be given the first priority to participate the visit and are eligible for attendance certificate.

The itinerary is as follows:

- 09:45 Assemble at Hung Hom Station Exit C2
- 10:00 Briefing and site visit to Hung Hom Station modification and construction site of Hung Hom Stabling Sidings (participants without PPE will not be admitted)
- 12:00 Group Photo. Visit ends and participants leave

For application, each participant shall confirm to CHKRI his/her name, employer and contact telephone no. You should also provide your membership number and grade when returning your application to the Secretary by e-mail to "secretary@chkri.hk". The application deadline is **13 January 2017**.

Anthony Tong
Secretary, CHKRI
