Date: 13 October 2018 (Saturday)

Time: 09:30 - 12:00 noon

CHKRI will organize a visit to the works site of Hin Keng Station of the Shatin to Central Link (SCL). In this visit, you will have the chance to appreciate the various features of this new SCL station in particular its architectural and environmental design blending with the community.

The SCL will connect several existing railway lines. Tai Wai to Hung Hom Section will connect the West Rail Line and Ma On Shan Line to form Tuen Ma Line, while Hung Hom to Admiralty Section will extend the existing East Rail Line from Hung Hom across the harbour to Hong Kong Island. The SCL will have 10 stations. Six will be interchange stations where passengers can conveniently change to other railway lines.

Since the commencement of further planning and design in 2008, the Government established that the addition of Hin Keng Station will relieve congestion at Tai Wai Station and recognized the need of railway service for the residents of Hin Keng area.
