Chairman's message

2013 was definitely a very eventful year with the climax being our 15th Anniversary Celebration Dinner held on 6 December 2013 well attended by our Members, Government VIPs and representatives of Mainland Railway Societies from Beijing, Guangdong & Shanghai. This has been reported in our Special Edition in December 2013.

The Institution has continued to roll out further events in the 1st quarter of 2014 and we have just held our AGM and Spring Dinner, one of the important annual events of the Institution, on 17 March 2014. I am pleased to be re-elected as the Chairman for another term together with other Office Bearers and Executive Committee Members. On behalf of the Committee, I would like to express our sincere thanks to your continuous support over the years and look forward to bringing you more interesting events and visits in the coming year. Please watch out for further notice.

Lastly, may I extend my heartiest thanks to our President & Vice-President for their unfailing support and advice in the operation of the Institution.

Ir LEUNG Sze Kwan
Chairman, CHKRI

Recent event : Technical Talk : Customer Centric Incident Management

MTR operates one of the highest reliability metros in the world, carrying over 5 million passengers every day with an on-time performance achievement of 99.9%. However, incidents do happen from time to time and Ronnie Tong, Operations Manager, MTR Corporation shared his vast experience in Operations and Control Centre management in his talk "How railway incidents are managed safely and efficiently by MTR whilst providing excellent customer care."
